Update on our largest project to date...

Highline are proud to provide our first report of progress on the New Security Lodge in Stevenage. We have completed the early vegetation removal and ground levelling on site, started the formation of the 18 meter long soakaway and completed the piling for the lodge itself!

Inspirational Quote of the Month...

You can dream, create, design and build the most wonderful place in the world. But it requires people to make the dream a reality.

– Walt Disney

Our Charity Golf Day Returns...

Preparations are in full swing for Highline's 4th annual Charity Golf Day! This year, our chosen charities are CHECT (Childhood Eye Cancer Trust) and Prostate Cancer UK – both are very close charities to our heart! An exciting auction and raffle will be held at our event where 100% of the money raised will be donated directly to the charities! We are striving to surpass last years impressive £5000. Fingers crossed for better weather this year!

Meat Free Mondays...

This year it is our aim to complete several environmental initiatives, starting off with our first in March – Meat Free Mondays! We're asking our staff to join in on this initiative to help us support the environment, and to raise funds for the Meat Free Monday campaign which helps fund education resources, marketing, research etc. Livestock farming has a vast environmental footprint. It contributes to land and water degradation, acid rain, biodiversity loss, deforestation and coral reef degeneration. Livestock farming contributes to around 18% of human produced greenhouse gas emissions worldwide. This is more than all emissions from ships, planes, trucks, cars and all other transport put together. Please keep any eye on our socials throughout March, or better still join in on the fun and tag us in your meat free meals!
